

RAJAS DENTAL COLLEGE AND HOSPITAL

INFRASTRUCTURE COMMITTEE - JUNE 2021

The meeting was held on 22nd June 2021 at 10:30 am in Deputy principals' cabin to discuss the strategies and ideas for the smooth functioning of campus maintenance.

Agenda:

1. To increase the rain water harvesting and to construct storage tanks
2. To increase solar panel structure
3. To scrutinize power production and export
4. To maintain civil work and its details to get discussed
5. To discuss about fire and safety within college campus
6. To know about security details

Discussion:

RAIN WATER HARVESTING:

1. To purchase rain water meter for measuring rain water flow during rainy season
2. Till now only 20 % of rain water only harvested within college campus
3. So it was discussed to increase the same by increasing harvesting structure in future
4. To increase storage tank for collecting rain water directly in addition to harvesting to be utilised for gardening purpose within college premises.
5. To construct three new storage tanks nearby transport yard , auditorium and shutter at the backside of exam hall with the capacity of 20,000 to 30,000litres each
