

8.1.12 - Describe the Faculty Development Programs organized by the college in the areas of emerging trends in Dental Educational Technology during the year.

Throughout the year and in each month, the Institution has enriched the curriculum by providing learning programs and updating the skills and knowledge base of its faculty and students through online resources such as Webinars, interdepartmental learning platforms such as the “Triple ‘O’”, Clinical Forum Meetings and Clinical Society Meetings.

Webinars

An adaptation to continue the learning process during the pandemic has been the innovative online platforms of webinars. Our faculty strove to bring the latest and updated knowledge through key opinion leaders in various fields in the National and International level. A notable fact is that the International webinars were conducted with a collaboration of International Universities such as the University of Genova, Italy, University of the Andes, Chile and the University of Nijmegen, Netherlands and also National Specialty Associations such as the Indian Prosthodontic Society (IPS), Indian Society of Oral Implantologists (ISOI), and Indian Dental Association (IDA). Prof. Dr. Nelson R. Pinto of the University of the Andes, Santiago, Chile, Dr. Ricardo Kern, Brazil, and Dr. Jo E. Frenken of the University of Nijmegen, Netherlands (Father of ART Approach) delivered exemplary discourses on topics such as PRF in Natural Guided Regeneration, Aesthetic Restorative procedures and Atraumatic Restorative Treatment to our students and staff from across the globe
