

**Soft-Skill development:**

Soft skills are personal attributes that influence how well the students can work or interact with others. These skills make it easier to form relationship with people, create trust, dependability and lead teams. Our institution is conducting regular programs for development of soft-skill in students. It enhances leadership skills, teamwork, communication skills, problem solving skills, adaptability and interpersonal skills in students.

**Language and communication skill development:**

English is necessary nowadays for communication since it is one of the global languages. Communication skill is the key to career success and it is of prime importance in the field of medicine. Our institution is providing regular classes for students to enhance their communication skills.

**Yoga:**

Yoga enhances both mental and physical health. Our institution provides regular yoga classes which include postures, breathing exercises and meditation that make the students healthier in body , mind and spirit

### **Analytical skill development:**

#### **Career counselling**

Career counselling is an effort for career guidance to students right from the completion of the course about the available career options as per their interest. Our institution provides career counselling which would ultimately lead them towards right path and succeed in their life.

### **Human value development:**

Human values are necessity in today's world. They are the features that guide people to take into account the human element when one interacts with other human. Our institution strives hard to create human values among our students

### **Personality & Professional development:**

Good mental health of students is vital for a pleasant college experience and also to shine in academics. Our college has assigned mentors for each student and meetings are conducted regularly to bring out their personal or social difficulties and solve them.

### **Employability skill development**

#### **NEET:**

National Eligibility cum Entrance Test is an entrance examination for students who wish to study postgraduate dental course (MDS). NEET needs a lot of hardwork and proper coaching. Coaching classes for NEET are regularly conducted by efficient staff in our institution. NEET coaching includes revising all the subjects in BDS degree and conducting Mock Test.
