How do you rate your overall satisfaction with Rajas Dental College & Hospital students and the curriculum?

6 responses

How could our programs be improved? What specific comments do you have regarding the curriculum?

6 responses

Patient communication programs

Should teach all the procedures in dentistry

Need more patient exposure

Listen to everyone's decision by keeping any suggestions box

Need updatation.

Thes students have very less confidence . They show a willingnessto learn but have poor confidence in clinical work and clinical knowledge,please equipp them with good practice and training

Any other comment(s):

6 responses

Exposure to advanced dental procedures

Teach them all the procedures,clinic management, scope for dental jobs

Pateint exposure

No specific comments

Nil

Need more training in clinical level..students dont have confidence even to do a good extraction

Internal Quality Assurance - Feedback (Responses)

Things that need attention for improvement

- Hostel food
- Cleanliness of hostel
- Hostel facility, gym timings for St. Alphonsa.
- Interdisciplinary cases can be given more attention
- Need more exposure to other dept works too(RCT, extraction for clinical knowledge)
- Sisters attitude
- Common room
- Interaction with students,clinical skills,publish journals
- Toilet facilities
- Girls common room
- Rest room facilities , hostel rooms , dental chairs
- Availability of material
- Working of dental chair
- Canteen should be hygienic
- Hostel rooms
- In emergency postings pgs should be allowed to do all cases irrespective of their department for a better clinical management
- Treatment rates affect the patient flow which affects our training
- Student complaints need to be addressed
- Some faculties need to be more approachable
- Need more restrooms for girls
- No comments
- Awareness of advanced technologies to students and patients
- Want more books for lending section from reference books

Things most appreciated

- Academics
- Extra curricular activities
- Teaching
- Academics, Extracurricular activities
- Nothing specific
- Well infrastructure,amazing teaching by our faculties,
- All
- staff approach
- Infrastructure
- Library

- Good teacher s,
- Library facilities
- Extracurricular activities
- Clinical skill development
- Sports,cultural,skills
- Theoretical teaching, clinical skills, library availability
- Good coaching
- Effort of the staffs
- Staffs, library and hands on programs
- Academics
- Environment
- Staff guidance
- Good in academics , sports , conferences
- Library time
- Balance between curricular and extracurricular activities
- Revision classes
- Faculties don't unnecessarily fail the students
- Library,extra curricular activities,education
- Academics, extracurricular, environment
- Library facilities
- Infrastructure
- Teaching and guidance

Feedback on curriculum and syllabus - Employers (Responses)

- Teach them all the procedures, clinic management, scope for dental jobs
- Patient exposure
- Need more training in clinical level..students dont have confidence even to do a good extraction
- Patient communication programs
- Should teach all the procedures in dentistry
- Need more patient exposure
- Listen to everyone's decision by keeping any suggestions box
- Need updatation.
- These students have very less confidence . They show a willingness to learn but have poor confidence in clinical work and clinical knowledge.please equipp them with good practice and training

Feedback on curriculum and syllabus - Alumni (Responses)

- Please offer your comments / suggestions regarding any aspect of the curriculum
- I learned very well about dentistry and improve my hand skills regarding about dentistry
- Should be clinical oriented.. practice management can be added.. importance of association should be emphasised.. as now a days dentist are being isolated within their four walls of their clinic..
- Good
- Satisfactory
- Add dental practice management.. dental chair basic information
- Regarding research and publications...more exposure needed
- Good
- More of clinical session and advancement needed for students
- Practical knowledge is less when we passed out due to less patients...If we see more patients we will have more confident
- More practical skill development is the need of the hour
- Please offer PG course for all the departments

Feedback on curriculum and syllabus - Faculty (Responses)

- Please offer your comments / suggestions regarding any aspect of the curriculum
- Innovative teaching aids can be improved.
- Need more teacher training programs
- Need more webinars and lectures for innovative learning
- Curriculum can be incorporated with more opportunities for integrated learning
- More attention to be given for newer techniques used in basic medical science subjects. Practical exercises in pharmacology should be updated.
- Curriculum made by the university is superior and made easy study way to the students
- Assessment can b clearly explain well yet
- Fulfilled at present.
- Outdated topics should be avoid from the curriculum and improve digitalised learning for clinical scenario
- Its good
- Present system gives more emphasis on rote learning rather than encouraging analytical skills of the student
- Book specific learning needed instead of wikipedia centric learning
- Problem based learning on clinical scenario
- I think Physiology subject should be separate paper not combined with biochemistry.
- Physiology can consider as a separate paper

Feedback on curriculum and syllabus - Professionals (Responses)

- It is better to include comprehensive clinical dentistry into curriculum
- Very much supportive for the altogether development of the students
- To include topics pertaining to practice of oral medicine as a speciality..
- curricular, co curricular and extra curricular are helpful towards the overall development of students .activities
- Molecular biology based research should be included in the curriculum
- MDS Prosthodontocs curriculam may be revised with more emphasis on Dental Implants
- Good exam orientation and pattern
- Research and teaching should not be mixed.Researchers should concentrate on research and teachers on teaching.
- Curriculum is presented in an excellent way and easier to understand
- No curriculum provided
- Comprehensive Clinical courses are needed
- Good infrastructure
- Curriculum is perfect
- Good, keep it up
- Syllabus can include interdepartmental case scenarios and syllabus can include scope for extra skills like clinical case photography etc

Feedback on curriculum and syllabus -CRRRI Students (Responses)

- Please offer your comments / suggestions regarding any aspect of the curriculum
- Please do consider our grievance which we tell to staffs
- Need more dental camps and programs
- We need more of dental camps for better practice
- We need dental camp outside the college
- Need dental camps
- It's very helpful to learning everything to treat the patient successfully
- We need more of dental camps
- Nothing specific
- More of hands on program
- More clinical skill development program should be conducted
- Objectives of the program were good
- Teaching aspect is useful to understand everything to improve our knowledge
- More clinical demos

Feedback on curriculum and syllabus - Students 4th year (Responses)

- Still can be better
- Needs more importance for average learning students
- Current curriculum is the best ever
- No suggestions please maintain this curriculum and syllabus

Feedback on curriculum and syllabus - 3rd year BDS Students (Responses)

- Useful
- Model question papers with important questions can be provided so that those qns can be well prepared by students for exams.
- Current curriculum is the best
- Has adequate professionalism

Feedback on curriculum and syllabus - 2nd year BDS Students (Responses)

- Everything is okay
- Overall good Pharmacology good microbiology good and general pathology good every staffs are very valuable thanks for their support
- Maintain regular test
- More innovation needed
- All are very good
- Can be better
- Innovative and interacting teaching methods are welcomed
- Teaching method is good and useful

Feedback on curriculum and syllabus - 1st year BDS Students (Responses)

- No suggestion
- All are good
- Innovative teaching methods can be added
