Minutes of meeting – Curriculum planning

Competency based training

Rajas Dental College & Hospital

Date: 04/02/2019

Short term and long term goals were discussed

Short term goals (2-6 months)

After obtaining the feedback from students, following goals are set in teaching and learning processes

Quality assurance – Teaching and Learning Process

There are subtle differences observed in the existing teaching methodologies, a goal will be set to:

- Streamline the process of uniform conduction of class room teaching activities with no discrepancy in the three small group sessions conducted in a day by monitoring committee headed by Associate dean (Academics)
- Monitoring the staff to deliver the uniform topic content in the class under the supervision of respective Heads of the department and monitoring committee, also addressing the faculty to follow the given topic schedule for effective learning

- *Student Attendance*

The existing referral batch students have shortage of attendance despite sensitizing them on the same by their mentors, so a goal will be set to identify the underlying problem and giving remedial measures through the support of student psychologist (*Mr. Titus*) and thereby overcoming the hurdle.

Long term goals (2 years)

- *Centre of excellence for Dental Education*

The existing curriculum has well defined outcomes but no definite competency, so we aim to set the standards and give the students a helping hand to excel in their dental education elsewhere in the world by setting the following goals:

RAJAS DENTAL COLLEGE & HOSPITAL

Kavalkinaru, Tirunelveli, Tamil Nadu – 627105

Dental education) programs

- Identifying the reticent students and providing them with enough opportunities to sustain in this competitive world by providing value added skills such as Communication skills & Empathy skills through the faculty and student psychologist
- Engaging the I & II BDS students to apply the basic applied sciences into the clinical scenario through *clinical orientation* program thereby improving their confidence in handling the clinical cases
- Providing an opportunity (conducting frequent competitive tests and analyzing the results with the expert faculty) to interns for PG NEET exam preparation and guiding (conducting general skill and aptitude tests, workshops on the scope of dentistry) interested students for both abroad opportunities and competitive exams.
- Sorting support in terms of student learning experience from distinguished alumni students of Rajas Dental college in making the institution a center of excellence
